

**What you  
need to  
know.**

**ADAPTATIONS IN  
TERRESTRIAL  
BIOMES**  
PART 2 –SECTION A

**GROUP NAMES:**

\_\_\_\_\_/\_\_\_\_\_  
\_\_\_\_\_/\_\_\_\_\_

Use the websites given on the RESOURCE page – Part 2 – Section A and B Resources for the following.

1. What is a biome? \_\_\_\_\_

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

2. Why do different scientists classify biomes in varying ways? \_\_\_\_\_

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

3. Complete the following chart by listing eight different biomes. Your brief description should include general characteristics such as hot/cold, wet/dry, mountainous/flat, etc. The table continues on the backside of this page.

Biome	Alternate Name(s)	Brief Description
